Proposals of the Principal of the Central College, Bangalore, in connection with the opening of the College Hostel in the State

The students' Homes are aided Institutions There are now 9 such Homes in the Province, all at District Head Quarters receiving monthly grants in aid from Govt the accompanying list shows what the amount of grant allowed in aid of each Home is.

The Mysore Normal school Students' Home is the only instance in which the grant in aid is paid from the village School Fund (the cost of all Normal Schools being shown against that Budget) while the grants for the other Homes are met from

including the Mahomedan Students' Home in the Mysore City

from the State Funds.// The
amount of Govt grant allowed
for each Home is regulated
by the principle viz that Govt
pays a grant equal in
amount to the monthly charges
for house rent, if any, and
the necessary number of
Servants, the expenses of
feeding being met wholly
from the boarding fees collected"
Accordingly the expenditure of
each Home is kept within its own
the resources and the savings
if any go to the its Reserve ~~general~~ Fund
In no case is the income of the Home
is paid into the Treasury and
its Expenditure debited to
Govt

Govt No 25 of file
No 42.

When it was first proposed
to start a Students' Hostel in
connection with the Central College,
Mr Cook, the Principal had suggested
that

That "the first step towards the realisation" of such a hostel would be "for the Govt to sanction a grant on the same lines as they have already given for the Mysore College" His present proposals are different

The appointment of a manager is recognised by Govt only when the no of boarders is above 20 The pay of a manager varies with the strength of the Home The pay of the manager of the Mysore Normal School Students' Home is Rs 25 per mensem The records do not show the details of Estt of the Maharaja's College Home and hence the pay of the manager and the allowance to

And the Secretary was of opinion that perhaps a month Rs 100 might be given (Ll Enq)

The College Hostel provides for 96 students The no in June & the above the minimum limit of 20 - Q

His gets the largest grant viz., Rs. 95/ per mensem

to the Supdt cannot be
given The grant of that
House is Rs 65 which, being
a small sum, perhaps covers
only the pay of the servants
and that of the manager, if any.

The Boarding fee levied
from the students is between Rs
6 and 7 only in Tumkur,
the total monthly Expenditure of the Hostels
is divided equally among if varied between Rs 6 & 6-8 per head
students and it comes to Rs 6

The Rules framed for the Central
College Hostel are nearly the same
as those framed for the Mysore
Normal School These Rules are
printed in serial No 25 and
were approved of by Govt

The Total monthly Estt proposed
by the Principal for the C College Hostel amounts to Rs 158 (158×12 = 1896 per
which, if sanctioned, will be
a charge on the State Funds.

Subj: Re Mr

The Hostel Rules
seem suitable in every
way -

The ~~practical~~ Establish-
-ment proposed is
not too large, consi
-dering that as many
as 96 students are
likely to become the
inmates of the Hostel.
Mr Joshi's proposals
seem well-considered
and reasonable.

The question of
funds is important
and requires the ~~[illegible]~~
orders of Govt. The
policy of Govt. hitherto
has been to subsidize
Students Homes in
District head quarters
by grants-in-aid
sufficient to meet
the cost of house-r
establishment and
contingencies. In the
present case either
the same policy may
be followed, or the

Could
~~institution~~ turned into a
Grant institution quite
and simple - In the
former case all sums
required in the sanction
a monthly grant-in-aid
of Rs 15+ leaving it to the Principal & the Committee
~~and the regulations~~
to manage the Hostel
as well as they could
with the Grant and
with the realizations
from boarding
Charges and other items
of income - If this is
done, there would be no
difference between the
Hostel and similar
institutions elsewhere
in the State, the Hostel
being fully subsidized
except to the extent of
the Grant-in-aid. Govt
would then have
nothing to do with money-
collection, their lodgment,
the mode of withdrawing
them as occasion
arises and so on - Govt
+ plus say 7 Rs per
coolie over not
taken into account
by Mr Lord,
only a limiting percentage having
regard to population for aid
it further asks the

cost of such vacancies.
And there its liability
ceases. This is a very
simple and satisfac-
-tory arrangement.

The other alternative
requires Govt to pay all
expenses and collect
all income - & there
would be recommend.
but it would be a new
departure and does
not seem to be as go
as the other arrangement
especially since there would be
complications - in
as regards, in-
-vestment with-
-drawal, accounting
and soon.

In either case an
initial grant of Rs 500 or 1000 may
be placed at the Dte
-ctor's disposal to
enable him to make
purchases in fav-
-able seasons & to m
other demands

A total for one
year may be given to
the Grant-in-aid plus
self supporting system
the Principal and the
Committee being asked
to buy and make bon
fide meet. of the
result. Hence Rs 1000
-ly, the other system
or some better subs
-titute for it may

N B The grant for the Normal School Students' Home, Mysore is met from the Village School Fund and the rest from the State Funds

Received 4 2/2 with Mr Beeharee's D.O. of the 7 Dec & its enclosure.

They now state that Govt have no duty to do with the management of the Mysore Hostel's finances and that all that it does is to grant a Gratuity at the rate of Rs 65 - per annum - This Grant is less than the Cost by Rs 158 which the Students themselves pay. The whole cost of Establishment and all the charges connected with the Hostel should be borne by Government.

9/2/01

I would sanction a Grant of Rs 158 to cover Cost of Establishment This is nearly twice the Cost of the Mysore Hostel & will be subject to reduction if the anticipated number of boarders do not

as a tentative measure we may sanction this as also all the proposals of the Local Govt after a special enquiry as soon as the Students among the recommended -
The Hostel should be so managed as to cost no extra cost beyond

Thank you

I would make some provision for medical attendance for the hospital. & I believe the P.W.D has to look after repairs & annual maintenance of the hospital. This has been neglected. Kindly call the P.W.D's attention to the matter.

Sir,

Read 1/2/01 Returned 1/2/01

I have the honor to forward 6 Copies

of the rules of the Hostel which I have drawn up, after submitting them all to a detailed discussion with the members of the College Staff. They will of course be allived in any direction which experience suggests from time to time.

The charges are somewhat higher than those levied in the Mysore Students' Hostel — our charge for Board being Rs 7/ against Rs 6/ in Mysore and Rs 2/- extra for Tiffin against Re 1/ in Mysore, the charge for Rent is Rs 2/ on the ground floor and Rs 3/ on the upper storey for a room containing two students as against an uniform rent charge of Re 1/- per student in Mysore If it is found necessary, in consequence of the greater cost of living in Bangalore, the charge for Board can be slightly increased by and bye

I have appointed, temporarily and subject to the approval of the Government, Mr S Krishnaswamiengar M A, Assistant Master, to be Superintendent of the Hostel, on account of his experience in connection with the Kolar High School Hostel, his personal activity and general suitability for such post, and I propose

that he should get an allowance of at least Rs 40/ per mensem from the 16th inst. for his work, in Mysore the allowance, I believe, is Rs 30/ but the Hostel there is a third smaller than here

I have also taken, on probation and subject to the approval of the Government, Mr B Rama Rau as manager on Rs 30/ per mensem from the 16th inst. — the same pay as that allowed at Mysore, but on the understanding that this will be increased when the number of students renders it fair to do so Mr B Rama Rau has been transferred from the City Municipal Schools, where he has been one of the Head Masters for a number of years He has also been Tennis Marker at the Gymkhana Tennis Courts in the Cubbon Park for many years and I have a good opinion of his smartness and ability to look after the duties of such a post as Manager in the Hostel — though of course experience alone will show if this confidence is justified I had thought also that it would be good for the Students to have about such a place one likely to encourage their tennis play on the College Courts in the evenings or on holidays His good character is proved by the long time they have retained his services at the European Gymkhana

It is proposed to start with a menial Establishment of 12 servants

Costing Rs 88/ per mensem but these will require to be added to when both Blocks are filled up

The chief difficulty will be the financial one As rule VII (d) I have laid down that the Superintendent shall pay to me monthly all moneys received for room rent, boarding charges, registration fees, admission fees, and fines and that this will be paid in by me to the Government Treasury If Government approves of this and the Hostel is made a Government concern pure and simple, then all expenditure would have to be met by my drawing from time to time by means of contingent bills on the Government Treasury Should the Hostel show a deficit balance at the end of the year this would fall on the Government and should it be financially successful, as is to be expected it will be satisfactory to Government Another possible financial plan would be for the Government to entrust the Principal as Ex officio President of the Hostel with an initial sum as an advance for the conducting of the Hostel, which he may keep as a special Hostel Account with the Madras Bank Bangalore and allow him to receive all moneys paid for Board, rent &c in the Hostel, pay

the same into This Bank account and draw upon that account periodically to meet the current charges of the Hostel

A statement of the income and expenditure would be submitted to by him to the Government at the end of the year, accompanied with a statement from the Bank of the Hostel account current standing in his name at the end of the year any excess to the credit of that account above the initial advance by Government to be paid over to Government and any deficit below that initial advance to be made by the Government Perhaps the latter plan would work with the least possible trouble to all parties and as the Hostel is intended for 96 students I consider that Rs 1000/ would be a sufficient sum for the Government to place at my credit initially for the Students Hostel Bank A/C

I trust that the matter may be considered urgent as there has already been so much delay in connection with the starting of the Hostel and that Government may pass orders on these proposals

which I have the honour to submit.

The charges are somewhat higher than those levied in the Mysore Students' Hostel Our charge for Board being Rs 7 against Rs 6 in Mysore and Rs 2 extra for tiffin against Re 1 in Mysore the charge for rent is Rs 2 on the ground floor and Rs 3 on the upper storey for a room containing two students as against an uniform rent charge of Re 1 per student in Mysore If it is found necessary, in consequence of the greater cost of living in Bangalore, the charge for Board can be slightly increased by and bye

I have appointed temporarily and subject to the approval of the Government, Mr S Krishnaswamaiengar M A Assistant Master to be Superintendent of the Hostel on account of his experience in connection with the Kolar High School Hostel his personal activity and general suitability for such post and I propose that he should get an allowance of at least Rs 40 per mensem from the 16th instant for his work in Mysore the allowance I believe is Rs 30 but the Hostel there is a third smaller than here

I have also taken on probation and subject to the approval of the Government Mr B Rama Rao as Manager on Rs 30 per mensem, from the 16th instant the same pay as that allowed at Mysore but on the understanding that this will be increased when the number of students renders it *fair* to do so Mr B Rama Rao has been transferred from the City Municipal Schools, where he has been one of the lower masters for a number of years He has also been Tennis Marker at the Gymkhana Tennis Courts in the Cubbon Park for many years and I have a good opinion of his smartness and ability to look after the duties of such a post as Manager in the Hostel though, of course experience alone will show if this confidence is justified I had thought also that it would be good for the students to have about such a place one likely to encourage their tennis play on the College Courts in the evenings or on holidays His good character is proved by the long time they have retained his services at the European Gymkhana

It is proposed to start with a menial establishment of 12 servants costing Rs 88 per mensem, but these will require to be added to when both blocks are filled up

The chief difficulty will be the financial one In Rule VII (*d*), I have laid down that the Superintendent shall pay to me monthly all moneys received for room rent boarding charges, registration fees admission fees and fines and that this will be paid in by me to the Government Treasury If Government approves of this and the Hostel is made a Government concern, pure and simple then all expenditure would have to be met by my drawing from time to time by means of contingent bills on the Government Treasury Should the Hostel show a deficit balance at the end of the year this would fall on the Government and should it be financially successful as is to be expected it will be satisfactory to Government Another possible financial plan would be for the Government to entrust the Principal as *Ex officio* President of the Hostel with an initial sum as an advance for the conduct of the Hostel which he may keep as a Special Hostel Account with the Madras Bank Bangalore and allow him to receive all moneys paid for Board rent &c in the Hostel pay the same into this Bank account and draw upon that account periodically to meet the current charges of the Hostel

A statement of the income and expenditure would be submitted by him to the Government at the end of the year accompanied with a statement from the Bank of the Hostel account current standing in his name at the end of the year any excess to the credit of that account above the initial advance by Government to be paid over to Government and any deficit below that initial advance to be made by the Government Perhaps the latter plan would work with the least possible trouble to all parties and as the Hostel is intended for 90 students I consider that Rs 1 000 would be a sufficient sum for the Government to place at my credit initially for the Students Hostel bank account

I trust that the matter may be considered urgent as there has already been so much delay in connection with the starting of the Hostel and that Government may pass orders on these proposals which I have the honor to submit.

Education, dated 15th February 1901

No 10581 82—Ed F 42 96, dated Bangalore 15th February 1901

Order thereon—The rules submitted with the foregoing letter propose a suitable scale of fees and other charges and seem in other respects generally well considered, and Government are pleased to approve of their tentative adoption, subject to modification, if necessary, after six months' experience is gained Government further approve of an expenditure not exceeding Rs 158 a month being incurred with effect from the 16th January 1901, on account of cost of establishment, including supervision, the details being left to Mr Cook and the Committee

2 Government are, as at present advised, not in favor of making the Hostel a Government institution, pure and simple, their policy in regard to similar Hostels elsewhere in the State having always been to treat them as grant in aid institutions, the amount of the grant not exceeding the charges for establishment and house rent, all other expenditure being met from fees and other charges collected from the boarders concerned Applying this principle to the Central College Hostel, which has been provided with a suitable Government building, the Government are pleased to place a sum of Rs 1,000 at the disposal of the Principal and *Ex officio* President of the Committee of Management, from which he will be at liberty to draw as required a sum not exceeding Rs 158 per mensem to meet establishment charges This monthly allotment will, however, be subject to proportionate reduction at the end of six months, if by that time the full number of boarders provided for *viz*, 96, is not forthcoming, and Mr Cook will accordingly be requested to submit a report on the working of the Hostel at the end of that period He is free to make his own arrangements for the banking of the advance of Rs 1,000 sanctioned above as well as of all collections from the boarders It is hoped that ere long the fees realized will be more than sufficient to defray all expenses, including the establishment charges, and that the Hostel will be so managed as to entail no extra cost to Government
